

HLTAID009 Provide Cardiopulmonary Resuscitation

Be confident of your “CPR” skills in an emergency situation.

CPR training has been compulsory education for many employees for a long time.

Our team are experts in the healthcare sector.

This combined online and practical workshop course develops your CPR skills so you are equipped to:

- respond in an emergency situation
- perform CPR procedures
- communicate details about the incident.

Talk to us about this exciting opportunity today!
